The image shows a web application interface for photo editing. On the left, there is a vertical menu with various tools and features. The 'Flag Maker' option is highlighted in orange. The main content area features a large photograph of autumn foliage reflected in water. Overlaid on the top of the photo is the text 'Alege Flag Maker din lista' in red. Below this, there is a navigation bar with 'jects', 'Art', 'Animation', and 'Help'. In the bottom right corner of the photo, there is a blue button labeled 'Upload' and the text 'Edit a Photo' in white. A red arrow points from the 'Flag Maker' menu item to the top right corner of the photo area.

### 3

The screenshot shows the LunaPic Flag Maker interface. The menu bar includes: Upload, File, Edit, Adjust, Draw, Borders, Filters, Effects, Art, Animation, Help. The breadcrumb path is LunaPic > Draw > Flag Maker. The main heading is "Make Your Own Flag".

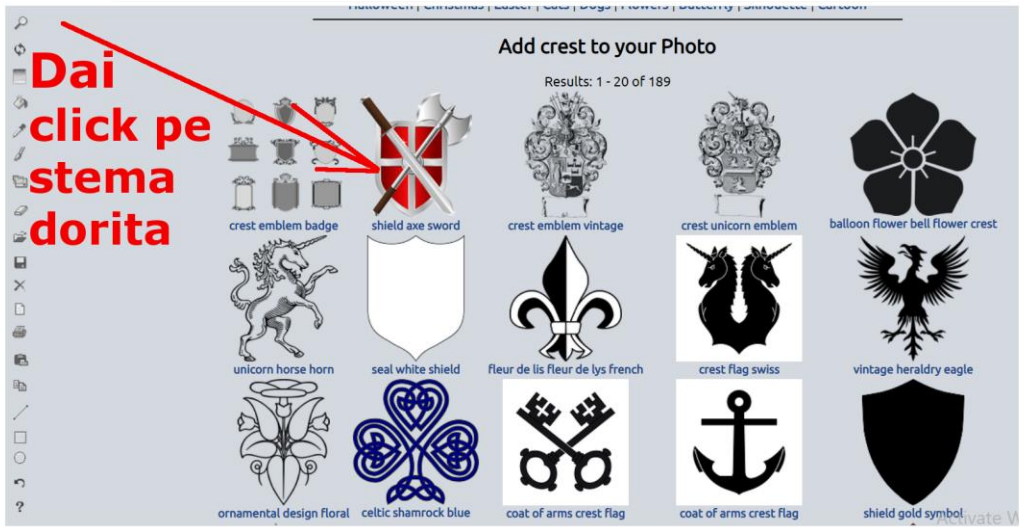

Annotations in red text with arrows point to various parts of the interface:

- De aici scrii text**: Points to the text tool icon (T) in the left sidebar.
- Alegi cum s afie benzile (orizontale sau verticale)**: Points to the "Style" dropdown menu, which is currently set to "Horizontal Stripes".
- Adaugi culori**: Points to the "Pick 1 to 12 Colors (Color Names)" section, where Color 1 is "red", Color 2 is "white", and Color 3 is "blue".
- Adaugi stema**: Points to the "Add a Crest" button.

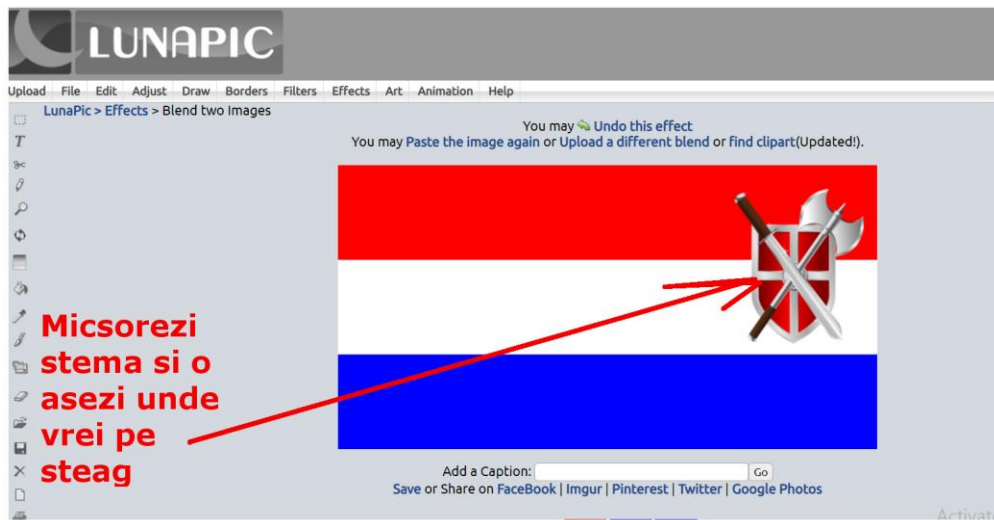

The central preview area shows a flag with three horizontal stripes: red on top, white in the middle, and blue on the bottom.

At the bottom right, there is a partially visible link: "Activate Wi".

The screenshot displays a web browser window with the URL [www11.lunapic.com/editor/](http://www11.lunapic.com/editor/). The editor interface includes a toolbar on the left and a central workspace. The text styling panel at the top features the following controls:

- Text:** An empty text input field.
- Font:** A dropdown menu set to "Oswald-Regular" with a "(more | upload)" link.
- Size:** A numeric input field set to "60".
- Position X:** A numeric input field set to "0".
- Position Y:** A numeric input field set to "125".
- Color:** A color selection dropdown set to "blue".
- Border:** An empty border input field.
- Pattern:** A dropdown menu set to "Edit Clipboard".
- Effect:** A dropdown menu set to "No Effect".
- Rotate:** A dropdown menu set to "None" with "(no preview)" text.

Below the styling panel, there are two buttons: "Apply Text" and "Update Preview". A central instruction reads: "Click on image to set desired text position, then click 'Apply Text'. Check out the Video Tutorial". The main workspace shows a preview of the word "GEOGRAFIE" in blue, bold, uppercase letters, overlaid on a red, white, and blue flag with a coat of arms on the right side. At the bottom of the workspace, there are two more buttons: "Apply Text" and "Update Preview".

The Windows taskbar at the bottom shows the time as 11:39 AM on 2/27/2021. A notification for "Activate Windows" is visible in the bottom right corner.

## STEAGUL FINAL :)
